Summary

NATIONAL ECONOMIC AND SOCIAL COUNCIL

The Council was established in November 1973.

The Council's main functions are to provide a forum for discussion of the principles relating to the efficient development of the national economy and the achievement of social justice, and to advise the Government, through the Taoiseach on their application.

The membership of the NESC is constituted to make it a representative forum of the principle economic interest groups and of independent members. The Council comprises a Chairman, appointed by the Government after consultation with the interest groups,

Ten persons nominated by agricultural organisations,

Ten persons nominated by the Confederation of Irish Industry and the Irish Employers' Confederation,

Ten persons nominated by the Irish Congress of Trade Unions,

Ten other persons appointed by the Government (i.e. independent members), and

Six persons representing Government Departments.

The reports which the Council produces are submitted to Government and, together with any comments which the Government may then make thereon are laid before each House of the Oireachtas and published.

Council reports are available from the Council, the Government Publications Sales Office or through any bookseller. A full list of the reports is given at the back of this report.
