Peter Nolan and Kathy O'Donnell

14 Strikes and Industrial Conflict 434
Paul Edwards

15 Equal Opportunities: Continuing Discrimination in a Context of Formal Equality 461
Sonia Liff

16 Privatization and Marketization 491
Trevor Colling and Anthony Ferner

17 Training 515
Ewart Keep and Helen Rainbird

18 The Low-paid and the Unorganized 543
Jill Rubery

19 Employment Relations in Small Firms 569
Richard Scase

PART IV Conclusion

20 Assessment: Markets and Managerialism 599
Paul Edwards

Index 614

Figures and Tables

Figures

3.1 UK employment by sector, 1946–1987 55
3.2 Full-time and part-time employment in the UK 56
8.1 Different forms of high-level industrial relations systems 230
8.2 Organization and stability in the labour market 232
11.1 Typology of management styles 346
13.1 Manufacturing output, 1960–1992 (1960 = 100) 402
13.2 Output, employment and labour productivity, 1960–1992 (1985 = 100) 403
13.3 UK productivity in manufacturing, the coal industry and the economy as a whole, 1947/60–1991 (1985 = 100) 422
13.4 Cumulative output and unit costs of British coal at constant (1985) prices, 1991/92 425
14.1 Strikes and workers involved, 1946–1993 439
14.2 Strikes by duration, 1971–1993 441

Tables

3.1 Employment in manufacturing as a percentage of civilian employment, 1960–1990 67
3.2 Shares of world trade in manufactures 68
3.3 Technology and production shares in UK manufacturing output, 1971–1986 68
3.4 Labour costs in manufacturing 69
3.5 Output per employee hour and unit costs in manufacturing 70

3.6 Inward and outward foreign direct investment (FDI), 1989 72
4.1 Establishment size in manufacturing industries in the United Kingdom, 1951–1990 101
4.2 Size distribution of European enterprises 104
5.1 Estimated private-sector bargaining structure in Great Britain, 1950–1990 137
6.1 Aggregate union membership and density in Great Britain: selected years, 1948–1987 156
6.2 Union membership and density by sex in Great Britain: selected years, 1948–1987 158
6.3 Manual and white-collar union membership and density in Great Britain: selected years, 1951–1987 160
6.4 Union membership and density by sector in Great Britain, 1948–1987 162–163
6.5 Union membership and density by industry in Great Britain, 1948, 1979, 1982 and 1987 164–165
6.6 The distribution by membership size of British unions 178
6.7 UK unions with more than 100,000 members, 1979 and 1992 180–181
7.1 Workplace trade union representation 212
9.1 Key legislative changes, 1979–1994 260–265
10.1 UK public-sector employment, mid-1993 306
11.1 Characteristics of management styles in employee relations 348–349
13.1 Gross value added per person hour in manufacturing in The Netherlands, France, West Germany and the USA as a percentage of the UK, selected years 1960–1988 (UK = 100) 401
13.2 Total factor productivity growth in the business sector, average annual percentage change 401
14.1 Establishments reporting strikes or industrial action, 1980–1990 438
14.2 Strike trends in the United Kingdom, 1946–1993 439
16.1 Major privatizations of public enterprises, 1979–1993 492
16.2 Employment in selected privatized companies 497
17.1 National Education and Training Targets (NETTs) 527
18.1 Changes in the distribution of earnings, 1979–1993 546
18.2 Low pay by gender and working time 548
18.3 Occupational distribution of workers paid less than £3.60 per hour 550

18.4 Proportion of establishments with any lower-paid employees in the private sector, 1990 551
18.5 Trade union density by hours of work, size of establishment and gender 552
18.6 Youth earnings in relation to adult earnings 562

Contributors

Stephen Bach: Lecturer in Industrial Relations, School of Industrial and Business Studies, University of Warwick.

William Brown: Professor of Industrial Relations, University of Cambridge.

Trevor Colling: Senior Research Fellow, de Montfort University Business School.

Colin Crouch: Professor of Comparative Social Institutions, European University Institute, Florence, and Fellow, Trinity College, Oxford.

Linda Dickens: Professor of Industrial Relations, School of Industrial and Business Studies, University of Warwick.

Paul Edwards: Professor of Industrial Relations and Deputy Director, Industrial Relations Research Unit, University of Warwick.

Anthony Ferner: Principal Research Fellow, Industrial Relations Research Unit, University of Warwick.

John Geary: Lecturer, Graduate School of Business, University College, Dublin.

Mark Hall: Senior Research Fellow, Industrial Relations Research Unit, University of Warwick.

Richard Hyman: Professor of Industrial Relations, School of Industrial and Business Studies, University of Warwick.

Ewart Keep: Senior Research Fellow, Industrial Relations Research Unit, University of Warwick.

Ian Kessler: Research Fellow, Templeton College, Oxford.

Sonia Liff: Lecturer, School of Industrial and Business Studies, University of Warwick.

Paul Marginson: Senior Lecturer in Industrial Relations, School of Industrial and Business Studies, University of Warwick.

Peter Nolan: Montague Burton Professor of Industrial Relations, School of Business and Economic Studies, University of Leeds.

Kathy O'Donnell: Senior Lecturer in Economics, School of Business and Economic Studies, University of Leeds.

John Purcell: Fellow in Human Resource Management, Templeton College, Oxford.

Helen Rainbird: Professor of Social Sciences, Nene College, Northampton.

Jill Rubery: Senior Lecturer, Manchester School of Management.

Richard Scase: Professor of Sociology, University of Kent at Canterbury.

Keith Sisson: Professor of Industrial Relations and Director, Industrial Relations Research Unit, University of Warwick.

Michael Terry: Reader in Industrial Relations, School of Industrial and Business Studies, University of Warwick.

Jeremy Waddington: Senior Research Fellow, Industrial Relations Research Unit, University of Warwick.

Janet Walsh: Lecturer in Industrial Relations, School of Business and Economic Studies, University of Leeds.

Colin Whitston: Lecturer, Department of Human Resource Management and Industrial Relations, University of Keele.

David Winchester: Senior Lecturer in Industrial Relations, School of Industrial and Business Studies, University of Warwick.

and demands for labour-market flexibility would loom large. The means of managing this world may change, perhaps considerably, but the implantation of markets and managerialism suggests that a fundamental shift of emphasis would be hard to secure.

Zeitlin, J., flexible specialization 76, 77–8

Industrial Relations is the long-awaited successor to George Bain's classic *Industrial Relations in Britain*. A group of highly prestigious industrial relations specialists have joined forces to provide a unique combination of analysis and theory with empirical and up-to-date material. *Industrial Relations* analyses not only the institution of IR but key practices and debates such as:

- The shift to individualism
- The organization of work
- IR in small firms
- The low-paid and unorganized
- The nature of management practice

The final chapter brings together the text by supplying an overview and assessment.

This important new textbook goes a long way towards bridging the gap between the various disciplines that constitute industrial relations. It represents a vital resource for undergraduate and postgraduate students of industrial relations, practitioners of industrial relations taking IPD qualifications, and academics and researchers in the field.

Paul Edwards

The editor is Deputy Director of the Industrial Relations Research Unit and Professor of Industrial Relations at the University of Warwick. He is author or co-author of five previous Blackwell titles including *Attending to Work* (with Colin Whitston, 1993).
